

Says

What have we heard them say?
What can we imagine them saying?

Tableau is relatively
alow cost solution
compared to other
big date court parts
such asquick and
business objects

Tableau
community is
engaging and
enthusuastic.

It has various
comprehensive online
resoures,guides,training
and online formsetc

Identufy
underlying causes
and trends of
employee attrition
by analysing past
data.

Using data
analysis to
understand
new employee
behaviour.

Eveloping predictive
modelsto
understand
employee behaviour
and performance

Does

What behavior have we observed?
What can we imagine them doing?

[See an example](#)

Thinks

What are their wants, needs, hopes, and dreams?
What other thoughts might influence their behavior?

Tableau's
parameters are
inactive and only a
single value can be
selected using a
parameter

Once thedashboards
and reports are
published on the server
you can't get back to the
previous levels of data
in tableau.It is not
possible to go back and
recover old data.

The main disadvantage
of using tableau is only
recent versions
supports revision
history and for the
olderr one's package
rolling back is not
possible.

Tableau has a
huge percentage
of users actively
deploying
mobile.

It applies a lot
of efforts in
building a
healthy mobile
customer.

Tableau customers
are happy with using
the latest elease off
thesoftware because
the upgrades are
easy to be carried
out.

Feels

What are their fears, frustrations, and anxieties?
What other feelings might influence their behavior?
